

IMPORTANT NOTICE: The recent guideline/regulations changes require training in drug testing for HHS/DOT on the updates. If you are using MROCC's Self-Study CME Activity to fulfill the training requirement for recertification, you also need to complete training on the new regulations separately as the 5th Edition MRO Manual is currently being updated to include the changes. MROCC has a 2 Hour Online CME activity, The Latest Federal Drug Testing Regulations, that covers the updated guidelines and regulations. If you would like to be registered for that activity, please indicate so in the payment section. All onsite courses completed after January 1, 2018 include training in the updated guidelines/regulations.
